

The Black Canyon Camera Club Presents
Digital Photography Seminar

By Steve Traudt - Synergistic Visions Photography

Saturday, October 15, 2016 9:00 AM - 4:00 PM

At Heddles Rec Center, in Delta, Colorado

Sit back, learn, be inspired!

Lightroom 6 Beyond the Basics... (New) A demonstration of the latest features in Lightroom 6 including many of the more advanced ones. Time for questions too.

Coyote Trickster... (Newly Revised) A program that celebrates digital photography, even as it encourages us to get back to “making” photographs, rather than just “taking” them. I explain how digital technology can temporarily sidetrack us and explore ways of getting past the distractions on our way to stronger, more dynamic images.

Back Button Focus... (New) The pros use Back Button Focus. It is a revolutionary change to photography. It seems a small thing, yet it's such a huge difference. I honestly don't know why this isn't the standard setting on all cameras. Three benefits: no more switching lens to manual focus; no more refocusing every time you let go of the shutter; and being able to use Servo almost all the time. Steve will show you why and how to use this magical method!

Organization & Backups ...(New) One of the more neglected topics, Steve will explain how to “get organized” with your photos and make proper backup copies. Your digital life is so much easier if you are organized. And when it comes to backups, don't be an ostrich!

Bonus... An Instructional DVD valued at \$35

This class is just \$75 (before September 15; \$85 after)

Our meeting room at Heddles is roomy with a large screen and comfortable classroom style sitting. Perfect for our seminar!

In a dusty attic at the tender age of 10, **Steve Traudt** chanced upon some old darkroom items which had been his father's and soon lifelong interest in photography was born. He presents national photography programs, writes articles and exhibits fine art. In addition to published images, his photographs have won many awards and been accepted in exhibitions worldwide. His work is featured in Galleries in Grand Junction, Palisade and Ouray.

Testimonials...

"We just returned from a one day seminar presented by Steve Traudt. His many lectures and various slide shows were outstanding. This was the most entertaining and enlightening photography experience we have had. If you ever have the opportunity to attend one of Steve's seminars, don't pass it up." M.M., San Jose, CA

"Steve's knowledge of technical aspects and his enthusiasm of the emotion of photography was contagious and his encouragement of each student reflected his philosophy of seeing and feeling a part of the environment." G.E., Pagosa Springs, CO

"In my mind Steve Traudt is the ideal presenter. His programs are never too long and are always presented with great enthusiasm. He has the ability to make his audience understand digital technology which many find difficult to comprehend. His ease of manner and wonderful sense of humor make his programs entertaining as well as educational." E.W., San Mateo, CA

"Steve's classes are fantastic. He is always extremely well prepared and has a multitude of information and experience to share." R.P., Grand Junction, CO

"Of the workshops I have attended I find Steve is the most responsive to the needs of the students. Steve makes his students feel immediately welcome and presents his information with a good sense of humor. His enthusiasm and professional style carry all the way through." D.Z., Dakin, NE
